About Critical Links

Critical Links is a global provider of converged voice, data and IT solutions for Small and Medium Businesses (SMBs) that dramatically simplify and cost-reduce by consolidating over a single scaleable and fault-tolerant platform.

Critical Links' flagship product, the edgeBOX™ is an award winning multi-function gateway appliance that includes VOIP/IP-PBX, VPNs, security, NAC, QoS and a WiFi access point as well as a fax-server, web server, e-mail server, print server and data storage; it is available on a range of hardware platforms that support up to 300 users, with different form factors and a host of broadband interfaces such as BRI/PRI(T1/E1), FX0/FXS, Ethernet, etc. Critical Links typically serves SMBs through a global network of VARs, System Integrators, OEMs and Service Providers.
